PASSENGER ELEVATOR

Standard Configuration

SF-000

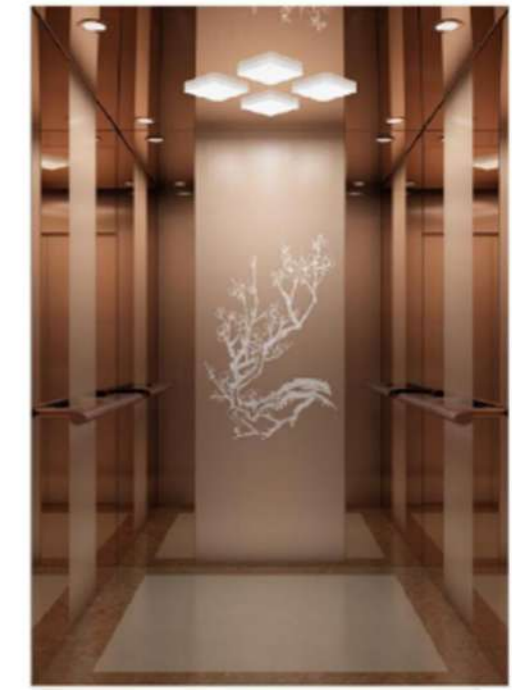

Ceiling: Integrated mirror-surface stainless steel + Four LED down lights + LED headlamp in the middle
 Car wall: Hairline stainless steel + Mirror-surface etching stainless steel (back-middle)
 Car door: Hairline stainless steel
 Controller box: Integrated/split type arrangement + liquid crystal display with black base and white character
 Floor: PVC

Optional Configuration

▲ SF-004 optional

Ceiling: Middle rose gold etched + Rose gold stainless steel on both sides + 4LED downlights
 Back wall: Middle rose gold etched, rose gold stainless steel on both sides
 Both sides: Rose gold stainless steel
 Handrail: Rose gold stainless steel
 Floor: Faux marble PVC

▲ SF-005 optional

Ceiling: Mirror rose gold frame + 4LED tube lamps
 Back wall: Rose gold etching + Rose gold mirror combination
 Both sides: Rose gold mirror + rose gold stainless steel
 Front wall: Rose gold mirror
 Floor: Faux marble PVC

▲ SF-001 optional

Ceiling: Mirror rose gold frame + translucent plate + 4 LED tube lamps
 Back wall: Rose gold etching + rose gold stainless steel combination
 Both sides: Rose gold etching + rose gold stainless steel combination
 Front wall: Rose gold stainless steel
 Floor: Faux marble PVC

▲ SF-002 optional

Ceiling: Lacquered board + gold foil + lamp with spotlights for lighting
 Back wall: Rose gold mirror etching + Rose gold mirror
 Side wall: Rose gold hair grain stainless steel + Rose gold mirror stainless steel
 Handrail: Metal handrail
 Floor: Marble patchwork

▲ SF-003 optional

Ceiling: Rose gold etching in the middle + Rose gold stainless steel on both sides + 4LED tube lamps
 Back wall: Rose gold etching in the middle + Rose gold stainless steel
 Both sides: Rose gold mirror stainless steel in the middle + Rose gold stainless steel on both sides
 Handrail: Rose gold stainless steel
 Floor: Faux marble PVC

▲ SF-006 optional

Ceiling: Mirror stainless steel frame + transmitting soft film
 Car wall: Honeycomb marble (Dick cream-colored) + hairline brown stainless steel inserted strip + mirror stainless steel titanizing black
 Handrail: Hairline brown stainless steel
 Floor: Dick cream-colored (marble)

▲ SF-007 optional

Ceiling: Mirror stainless steel + LED down lamp
 Car wall: Hairline stainless steel + Mirror + Etching
 Handrail: Stainless steel tube
 Floor: Wear-resistant PVC marbling floor

▲ SF-008 optional

Ceiling:Stainless steel decoration on all sides +Acrylic translucent plate in the middle
 Back wall:Translucent art glass in the middle + Black titanium blasting on both sides
 side wall:Stainless steel metal model + Hidden light belt
 Handrail:Metal handrail
 Floor:Marble

▲ SF-009 optional

Ceiling: Black titanium hair grain stainless steel+ Black titanium mirror stainless steel + Spotlights lighting
 Rear wall: Mirror stainless steel blasting etching in the middle + Black titanium drawbench stainless steel on both sides
 Both sides: Black titanium drawbench stainless steel facing+ Metal bar qtr division
 Floor:Marble patchwork

▲ SF-012 optional

Ceiling: metal decoration around the metal paint
 Hidden lights with lighting
 Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
 Side wall: champagne gold mirror stainless steel in the middle, all around leather car line hard wrap
 Handrail: None
 Floor: Marble cake flower

▲ SF-013 optional

Ceiling: metal decoration around metal paint
 Hidden lights with lighting
 Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
 Side wall: champagne gold mirror stainless steel in the middle, leather car line hard wrap around
 Handrail: None
 Floor: Marble mosaic

▲ SF-010 optional

Ceiling: Titanium gold frame+ acrylic plate in the middle+ LED tube lamps on all sides
 Back wall:Titanium etching in the middle+Titanium stainless steel on both sides
 Side wall:Titanium etching in the middle +Titanium stainless steel on both sides
 Floor: Faux marble PVC

▲ SF-011 optional

Ceiling:Hair grain stainless steelbronzing+Mirror stainless steel bronzing+Spotlights+LED hidden lights
 Car wall: Hair grain stainless steel bronzing+Mirror stainless steel bronzing frame+Leather hard pack
 Handrail: Hair grain stainless steel
 Floor:Romanian grey + Magnolia(marble)

▲ SF-014 optional

Ceiling: metal decoration around metal paint
 Hidden lights with lighting
 Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
 Side wall: champagne gold mirror stainless steel in the middle, leather car line hard wrap around
 Handrail: None
 Floor: Marble mosaic

▲ SF-015 optional

Ceiling: metal decoration around the metal paint
 Hidden lights with lighting
 Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
 Side wall: champagne gold mirror stainless steel in the middle, all around leather car line hard wrap
 Handrail: None
 Floor: Marble cake flower

▲ SF-016 optional

Ceiling: metal decoration around the metal paint
Hidden lights with lighting
Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
Side wall: champagne gold mirror stainless steel in the middle, leather car line hard wrap around
Handrail: None
Floor: Marble mosaic

▲ SF-017 optional

Ceiling: metal decoration around metal paint
Hidden lights with lighting
Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
Side wall: champagne gold mirror stainless steel in the middle, all around leather car line hard wrap
Handrail: None
Floor: Marble mosaic

▲ SF-020 optional

Ceiling: metal paint shape, stainless steel metal strip decoration, spotlights with hidden lights with lighting
Back wall: middle leather hard bag, bronze mirror etching Bronze sandblasted stainless steel, bronze mirror stainless steel on both sides
Side wall: leather hard-covered mosaic in the middle, bronze sandblasted stainless steel, bronze mirror stainless steel on both sides
Handrail: None
Floor: Marble mosaic

▲ SF-021 optional

Ceiling: metal painted stainless steel, metal strip decorative spotlights with hidden lights with lighting
Back wall: champagne gold mirror stainless steel in the middle, leather inlaid champagne gold mirror stainless steel decoration on both sides
Side wall: leather inlaid champagne gold mirror stainless steel decoration
Handrail: None
Floor: Marble mosaic

▲ SF-018 optional

Ceiling: metal decoration around metal paint
Hidden lights with lighting
Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
Side wall: champagne gold mirror stainless steel in the middle, all around leather car line hard wrap
Handrail: None
Floor: Marble mosaic

▲ SF-019 optional

Ceiling: metal decoration around the metal paint
Hidden lights with lighting
Rear wall: middle art glass; stainless steel metal frame on both sides of leather car line hard wrap
Side wall: champagne gold mirror stainless steel in the middle, leather car line hard wrap around
Handrail: None
Floor: Marble cake flower

▲ SF-022 optional

Ceiling: Combination of iron-gold mirror stainless steel and white translucent board, downlight illumination
Cabin Wall: Iron-gold mirror etching plate in the middle of the front, iron-gold mirror panels in the middle of both sides, three auxiliary boards, wood veneer and iron-gold molding combination
Handrail: Titanium mirror stainless steel round handrail on back wall
Floor: Marble parquet floor

▲ SF-023 optional

Ceiling: Translucent plate in the middle of stainless steel frame
Downlight lighting
Cabin Wall: The three-sided middle plate is sprayed with gold on the mirror-etched concave part, and the auxiliary plate is sprayed with gold on the hairline etching concave part
Handrail: Stainless steel round handrail on rear wall
Floor: Imitation marble PVC mosaic

PANORAMIC ELEVATOR Standard Configuration

◀ SF-P00

Upper and bottom canopy: Steel plate stoving varnish
 Decoration ceiling: Steel plate stoving varnish + acrylic
 Car wall: Hairline finished stainless steel + laminated glass suits (180° sightseeing vision)
 Handrail: Mirror stainless steel tube handrail
 Floor: Wear-resisting PVC plastic floor

Optional Configuration

▲ SF-P01 optional

Upper and bottom canopy: Steel plate stoving varnish ribbing, acrylic lamp
 Observation wall: Laminated glass (three pieces)
 Decoration ceiling: Acrylic decorative lighting
 Car wall: Superior hairline stainless steel plate
 Handrail: Φ38 stainless steel tube
 Floor: Wear-resisting PVC plastic floor

▲ SF-P02 optional

Observation wall: Laminated glass
 Decoration ceiling: Mirror stainless steel frame, multilayer transmitting plate
 Car wall: Superior hairline stainless steel plate
 Handrail: Stainless steel round tube
 Floor: Wear-resisting PVC plastic floor

▲ SF-P03 optional

Upper and bottom canopy: Steel plate baked enamel
 pressed reinforced bar, acrylic lamp-rail
 Observation wall: Laminated glass (3pcs), without the r point
 Decoration ceiling: Acrylic lighting decorative
 Car wall: The Superior hairline stainless steel plate
 Handrail: Φ38 stainless steel tube
 Floor: Wear-resisting PVC plastic floor

▲ SF-P04 optional

Upper and bottom canopy: Steel plate stoving varnish ribbing, acrylic lamp
 Observation wall: Laminated glass (3pcs), without the r point
 Decoration ceiling: Acrylic lighting decoration
 Car wall: The superior hairline stainless steel plate
 Handrail: Φ38 stainless steel tube
 Floor: Wear-resistant PVC plastic cement floor

▲ SF-P05 optional

Observation wall: Laminated glass, without the r point
 Decoration ceiling: Mirror stainless steel frame, multiply light-passing board
 Car wall: The superior hairline stainless steel plate
 Handrail: Stainless steel round tube
 Floor: Wear-resistant PVC plastic cement floor

HOSTIPAL ELEVATOR Standard Configuration

▲ SF-H00

Ceiling: Integrated mirror-surface stainless steel made suspended ceiling, LED downlights at the surrounding and LED headlamp in the middle
 Car wall: Hairline stainless steel
 Handrail: Stainless steel flat handrail
 Floor: Wear-resistant PVC plastic cement floor
 COP: Operation panel for disabled (optional)

CEILING

SF-C01
Wood model craft board on all sides + Translucent plate in the middle

SF-C02
Stainless steel mirror hollow + White organic plate

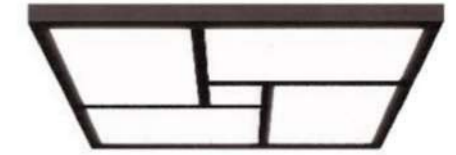

SF-C03
Stainless steel mirror hollow + White organic plate

SF-C04
Stainless steel mirror hollow + White organic plate

SF-C05
White ceiling light in the middle+ Auxiliary stainless steel on all sides + tLED light

SF-C06
Dusting steel plate (red brown)+acrylic

SF-C07
Dusting steel plate (aurora silver) + acrylic +LED tube light

SF-C08
Soft lighting design with stainless steel frame and arched white translucent board

SF-C09
Stainless steel frame with white acrylic transparent board

SF-C10
Soft lighting design with stainless steel frame and white translucent board
